## Message from Chairman Yi Tricity Chandigarh Chapter

It has been great privilege, honour and experience for me to lead the Yi Chandigarh Tricity Chapter.

Young Indians is a unique and amazing platform for each one of us to contribute to the development of the country. It leads the way in successfully showcasing to the world, how a group of passionate, committed and like minded individuals can contribute their energies in realizing their dream of a developed nation.

In 2011-12 Yi Chandigarh Tricity Chapter had made significant strides in the areas of environment, learning and youth affairs

### Highlights of the year 2011-12:

- Participation of the chapter representative at the G20 Summit in Nice, France

Overall the chapter has done well in some areas and in some we will do in future. The experience of being a Co-Chair first and then the Chair has been a great learning for me. Being at the G20 summit in Nice, France has been an outstanding experience.

I lay down this office with the firm belief that Yi Chandigarh Tricity Chapter will be able to raise the bar and scale it up with every passing year by breaking traditional barriers and challenging new frontiers.

I would like to wish all the best to the incoming Chair Parul Pandey, who stood by me during my chairmanship. I am confident that with the new leadership taking over, Yi Chandigarh Tricity Chapter will achieve the goals that have been set. I would like to thank my EC team and Yi secretariat without whom it would had been difficult to run the activities of Yi throughout the year. Their support had been remarkable.

**Sameer Jain**

Chair – Yi Chandigarh Tricity Chapter, 2011-12

### G20 Experience

Young Indians (Yi), an integral part of Confederation of Indian Industry (CII), was chosen to represent India at the G20 Young Entrepreneur Summit (YES) at Nice, France in November 2011. It was a great honour to be one of the 24 young entrepreneurs chosen from 19 cities across India to join 400 others from the world's leading 20 economies to pitch entrepreneurship as a possible solution to the global crisis to the Heads of G20 states. The G20 YES showed how the youth could be a part of a bigger plan, and how they could collectively play a part in shaping destinies of millions of people around the world. It also demonstrated that when the young get together, infinite possibilities open up for a more equitable and prosperous world.

It was great listening to thought leaders like Shai Agassi, Anand Mahindra, Maria Panelli, and Xavier Fontanet among others. I was lucky to be picked for a breakfast meeting with Nobel Laureate Prof. Muhammad Yunus, founder of Grameen Bank. In just a few minutes of interacting with him, I realised there are no barriers high enough if we are determined to make a difference, that we are only bound by our self-imposed limitations.

I have not only made friends for life with a vibrant set of enthusiastic entrepreneurs from across India, my participation in YES as a Yi delegate brought me in touch with, learn from, and associate with great young entrepreneurs from across the G20 countries.

*“I have firm believe that Yi Chandigarh Tricity Chapter will be able to raise the bar and scale it up with every passing year by breaking traditional barriers and challenging new frontiers.”*

## Message from Co-chair Yi Tricity Chandigarh Chapter

“*Today the whole nation is looking up towards the youth, referring to them as ‘Our Demographic Dividend’, it is time that youth across social and geographic segments stands up to the demands of the nation.*”

As I reflect on the last few years of my association with Yi, I'm indebted to the whole Yi fraternity for opening up a world of opportunities for me. Opportunity to make a difference, opportunity to contribute, opportunity to think large and out of box! It is almost addictive to be around the charged up and passionate young entrepreneurs & professionals who are optimistic to the core. Yi National, last year has shown some path breaking initiatives in global alliances, rediscovering our culture and heritage, environment and innovation.

It is after four years of being part of Yi in various capacities that I am now getting the opportunity to lead the Yi Chandigarh Chapter in year 2012-2013. With humility and commitment I'm going to be taking the baton on from Sameer who also took it on from extremely promising predecessors like himself... in a nutshell, there is a huge legacy already that I would need to match up to!

Here's what I have, to begin with: an amazing team of vertical chairs and co-chairs, a great set of Yi members and the power packed group of student nets! In the coming year, while we'll all work to take the ongoing Chapter and National initiatives forward, we'll have a special focus on Employability in India.

Yi Chandigarh chapter would closely work towards building employability skills of youth including those from the marginalized sections. Fortunately for us, there are huge synergies between CII's initiatives and our goal of enhancing employability. We look forward to leveraging our seniors' experiences.

Co-Chair – Yi Chandigarh Tricity Chapter, 2011-12

## Message from Chairman CII Chandigarh Council

Dear Young Indians,

During my Chairmanship of CII Chandigarh Council for 2011-12, we had the privilege of working closely with Yi Tricity Chandigarh Chapter members. We appreciate your spirit of “We Can We Will” in whatever you do.

Youth have the unmatched energy, creativity and untapped potential to reverse the trends, if provided with the right opportunities and support. The future lies in the young leaders initiatives. We must nurture the leadership qualities of youth. The nation today looks towards young leaders, from different walks of life to play an active role in the development of India.

My compliments to Yi Tricity Chandigarh Chapter for successfully launching the first ever E-waste project amongst all Yi Chapters. It has a wider reach now with the recently launched new chapter in Ludhiana and the new Student Net in Corporate Gurus. The Chapter did remarkable work in the health vertical by conducting health & eye check up camps and deworming campaigns.

Congratulations to Sameer for leading the team of dedicated young achievers of Chandigarh along with Parul.

I convey my best wishes to the Yi Tricity Chandigarh Chapter for their future initiatives and congratulate each and every member of the Yi Chandigarh Chapter for their commitment and contribution. With the igniting passion and strong determination, the CII team is sure, Yi would continue to work towards shaping a better India.

Best regards,

**Vikram Hans**

## Yi Tricity Chandigarh Annual Session & Discussion on “WE Must Be the Change We Want to See”

▪ 15 APRIL 2011

**Key Speakers:** Dr Navita Mahajan, then Chairperson, Yi Chandigarh Chapter, Mr Shankar Vanavarayar, National Chairman, Young Indians, Mr Raj Chengappa, Editor in Chief, Tribune, Mr Manoj Kumar, Gold Medalist, Boxing, Common Wealth Games 2010, Mr Hemant Goswami, Social Activist, Chandigarh, Mr Sameer Jain, then Co Chair, Yi Chandigarh Chapter

Change is both individual and collective, We should think, act and be inspired. The concept of Satyagraha innovated by Gandhiji is viable even after 64 years of independence. It's not the whole country one needs to take care of, as a individual we should just be responsible of the 50 yards around oneself and all shall be taken care of. We all have spark, we just need to ignite it and channelize all the energies in the right direction. Time is now to fold in your future and effect the change, rather than being a spectator.
